# UP605

The Medeli UP605 upright piano is meticulously crafted for pianists of all levels who are looking for an attractive, traditional piano design with woodgrain finish that complements their home décor, with benefits only available from a digital instrument.

The 88-key, Graded Action 3-sensor Premium Wooden (G3PW) keyboard features keys crafted from premium solid spruce wood with ivory-textured key tops and individual key escapement, replicating the touch and feel of an acoustic grand piano.

Medeli PurePiano II Sound technology brings you two of the world's most sought-after grand pianos and equips players with versatile piano tones they need to perform all genres of music, with detailed, expressive quality.

256 notes of polyphony ensure that your UP605 accurately and reliably supports the performance of some of the most complex piano compositions.

The Progressive Response grand piano triple-pedal system recreates the feeling of an acoustic grand from the initial press of the pedal through its travel, accurately reflecting the varying resistance of a grand for an authentic performance experience.
